**SUSTAINABLE  
TAILOR-MADE**

St Pack was founded in Izmir/Turkey to manufacture paper disposables such as paper plates, paper cups, paper lids, cake cups which helps to maintain a sustainable environment. The management of the company has more than 10 years experience in the disposables market.

The company has a vision to become one of the top European manufacturers of paper disposables and to pioneer the efforts for a sustainable World. The 5 year investment plan was made to reach this target and ST will be the 1st ranking company in Turkey in terms of paper plate capacity by end of 2020.

The company name comes from the first letters of Sustainable and Tailor-made which is an outcome of its vision to be the top private label manufacturer through sustainable and tailor-made products with high quality standards. ST Pack is very sensitive in terms of quality and certification. The company has ongoing studies for FSC, Ecolabel and BSCI certificates which will proof the high quality standards.

A green-tinted photograph of a dining table. In the upper left, a wooden cutting board holds six pieces of sushi arranged in a 2x3 grid, with two white chopsticks resting on it. To the right is a white paper plate with a dark, abstract pattern. In the foreground, a white paper plate with a large, dark leaf pattern is partially visible. The background shows a dark, textured table surface.
